

Self-Screen Check To be Sent to Parents/Players/Coaches and carried out on themselves and their children before attending any match or training session.

Clubs should request that each participant undertakes the following self-screen check list before travelling to a training session or other football activity. If they answer 'yes' to any one of them they should not travel to the training session and follow all applicable Government Guidance (e.g. call NHS 111). It is important to remember some people can pass on the virus before they develop symptoms, or never have symptoms despite being infectious. Despite everyone's best efforts, these cannot be screened out of training.

<b>Each participant should self-screen prior to arrival at training to ensure they do not have any of the following symptoms (confirmed by a parent for those under age 18), as these are potential indicators of Covid-19 infection.</b>	<b>Check negative</b>	<b>Check positive</b>
<b>A high temperature (above 37.8°C)</b> <ul style="list-style-type: none"><li>Some clubs may include on-site temperature checking of participants as part of their SOP, this is more relevant to clubs who employ medical staff.</li></ul>	<input type="checkbox"/>	<input type="checkbox"/>
